Cuba May Try Angolan Airlift Via Azores

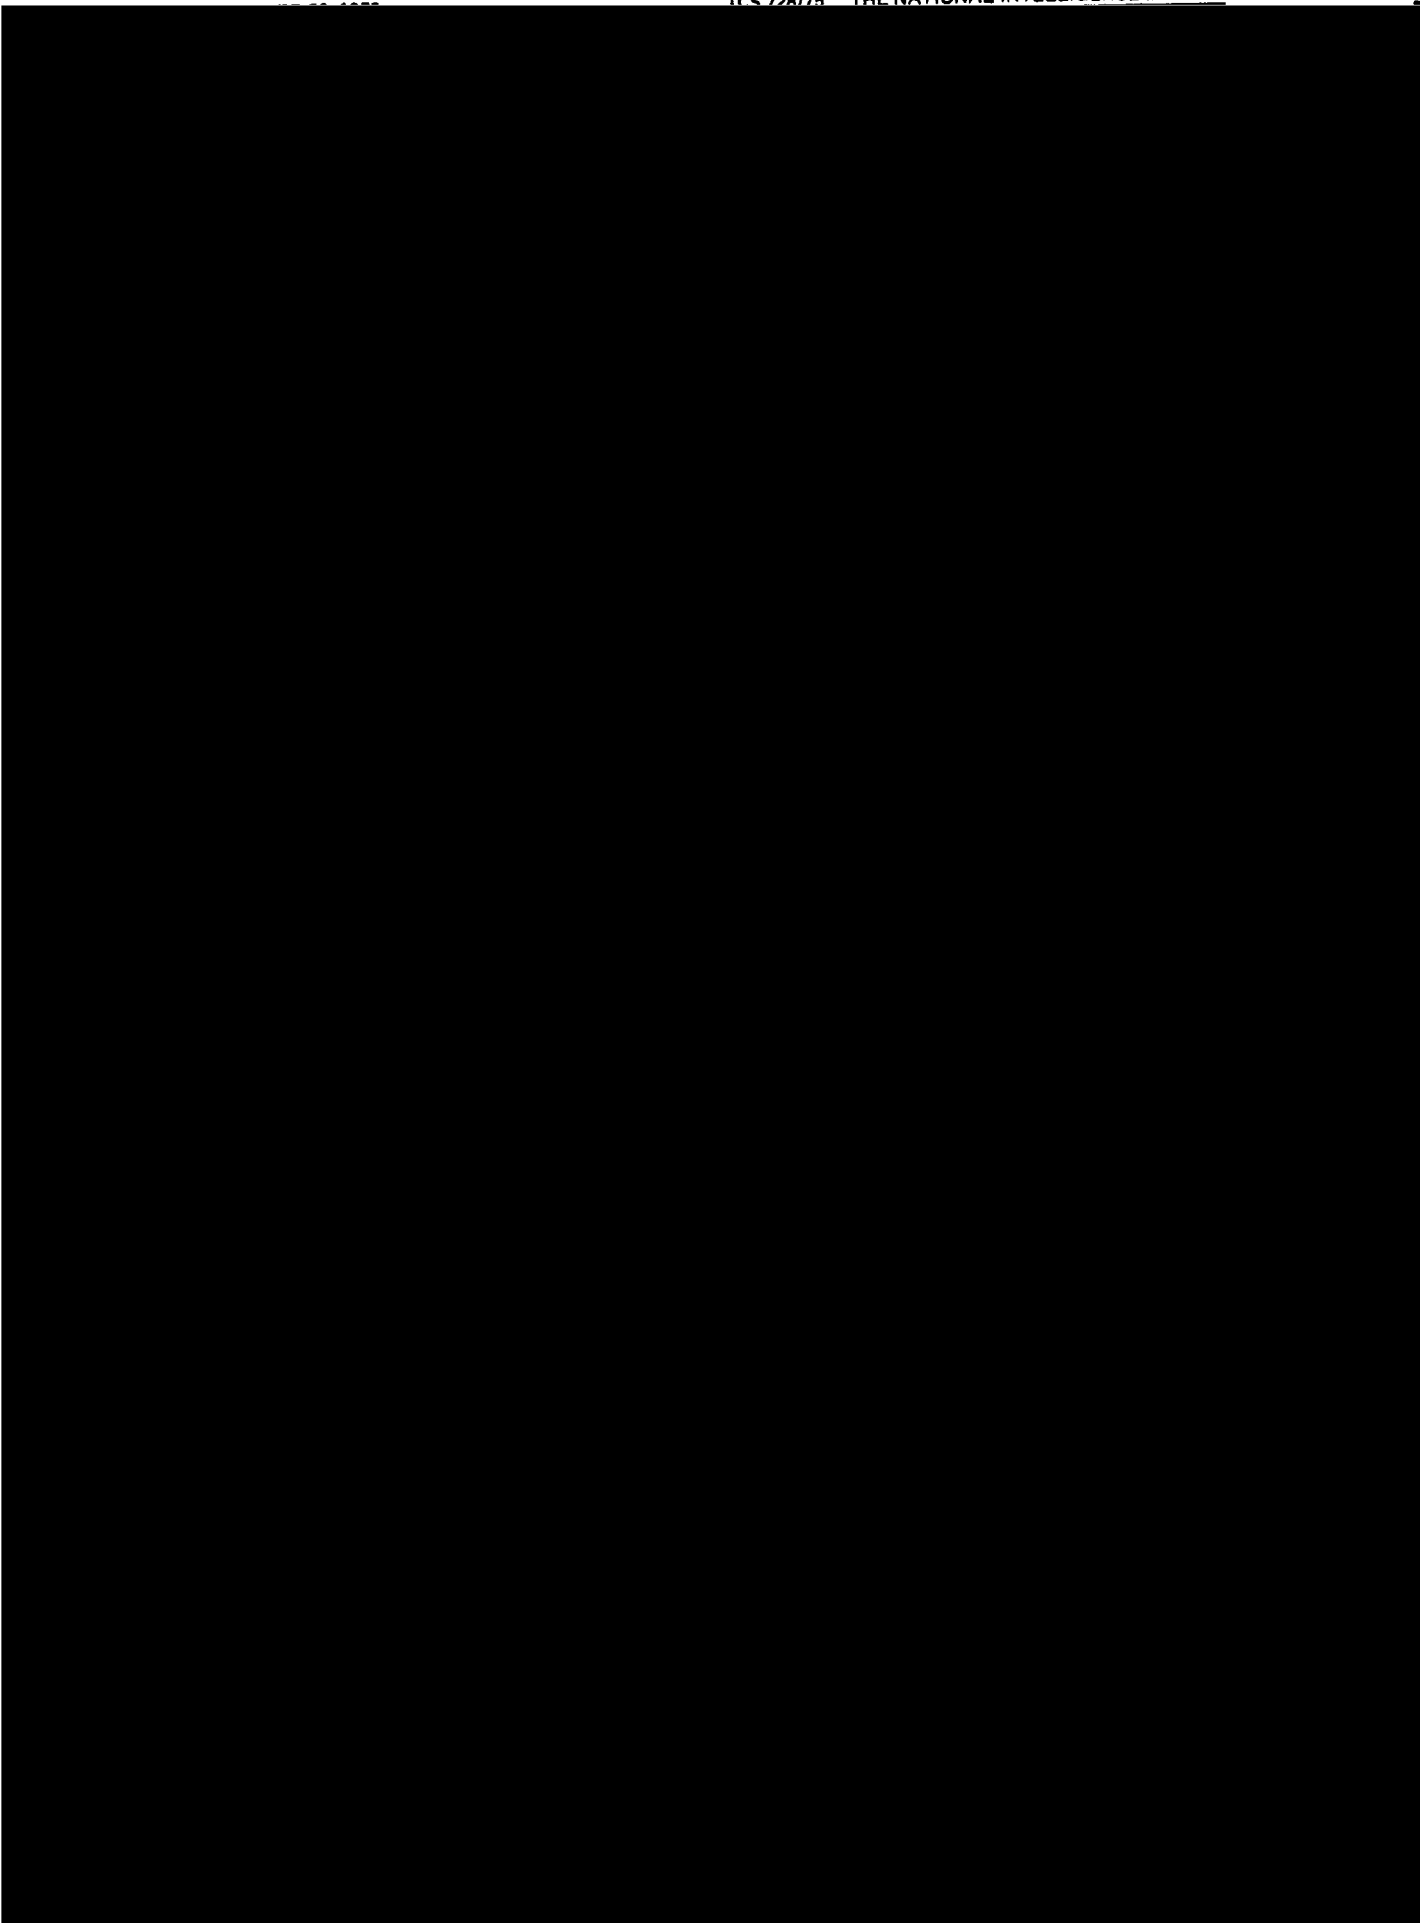

*Refueling in Caribbean
Is No Longer Possible*

Havana may have rerouted its troop
airlift to Angola through the Azores, now
that refueling points in the eastern Carib-
bean are no longer available.

The last flight from Havana to transit
Bridgetown, Barbados was on Monday;
none of the outbound flights scheduled for
Barbados since then have taken place,
presumably because of Barbados' di-
plomatic protest to Havana on Wednes-
day. Trinidad and Tobago flatly rejected a
Cuban request to use Port of Spain as an
alternate refueling point.
